About This Game

Imagine a world where you can control sand and water to create paths and shape your surroundings.

All of this in a universe that is always trying to repeat itself, this is Areia, a journey of emotions in search of enlightenment.

Areia borrows a lot from oriental spiritual culture, especially Hinduism and Buddhism the story unfolds by its premises as well. The game has emotional and spiritual stages of enlightenment in which you will need to face to uncover the mysteries of this world.

The scenery of Areia is a composition of a Biome of coastal dunes with large patches of sand, water, cliffs, and caverns. You will never be bored while discovering new places in Areia.
